

LIFETIME WARRANTY FOR YOUR RESIDENTIAL FLOOR COATING

At Spray 'n Coat Painting & Garage Floors, we take great pride in our work and strive to provide our customers with exceptional service. Our goal is to not only meet, but exceed your expectations, through our commitment to timeless service and old-school craftsmanship.

Spray 'n Coat Painting & Garage Floors provides a non-transferable lifetime limited warranty for all our polyaspartic floor coatings installed onto concrete for as long as you own the property on which it was installed ("Floor Coating Warranty"). This warranty assures you that the floor coating will remain in place under reasonable wear and tear, and will not succumb to hot tire pick-up or staining from spills of oil, fluids, gasoline, and diesel that are promptly removed, or peel/delaminate from the concrete surface.

However, there are a few excluded items from this warranty, which include:

- Peeling or delamination caused by moisture underneath the slab on which the floor coating was installed
- Damage from battery acid
- Cracks
- Staining from tires
- Abuse or neglect of the floor coating
- Staining from chemicals left on the floor for more than 48 hours

While we cannot prevent the excluded items from occurring, we will test for moisture, suppress it where needed, and repair existing concrete cracks.

If you have a claim covered under this Floor Coating Warranty, Spray 'n Coat Painting & Garage Floors will spot-repair any areas of delamination in the floor not caused by the excluded items at no additional cost to you. We stand behind our products and services and are committed to ensuring that our customers are satisfied with their garage floor coating.
